

OUR MARINE PROVENANCE

- We only buy seafood that that is certified to a sustainable fishing standard
- We prioritise purchasing seafood based on spawning/ecological seasonality
- We do not buy trawler boat caught fish
- We prioritise purchasing wild seafood that comes from stocks that are not overfished or at biologically unsustainable levels
- We prioritise purchasing wild seafood that has been caught using methods that minimise environmental damage
- We contractually require our suppliers to ensure that the seafood we buy has not been caught by illegal unreported or unregulated fishing boats
