

SOURCING

Key takeaways

PILLAR SCORE

78%

At Chartwells at Brunel University, it is clear great steps are being taken to source high-quality, sustainable ingredients and ensuring that you work with suppliers that share your values. You scored well throughout this section, however, one of the areas where you could progress further is increasing the offer of vegetarian and vegan options and increasing the animal welfare standards for the products you purchase.

Impact Areas

Celebrate Provenance

83%

Focusing on where your ingredients come from and how you work with your suppliers and your supply chain.

Support Farmers and Fishers

87%

Looking at your terms of trade and how you support farmers, fishers and their communities.

More Plants, Better Meat

72%

Looking at your efforts to promote the consumption of diverse plant-based foods and higher welfare animal products.

Source Seafood Sustainably

72%

Ensuring that the seafood you source is caught or farmed in manner that protects marine and freshwater ecosystems and seafood stocks.
